Art And The City Civic

The seeds of Los Angeles' postwar modern art conflicts were planted in the early twentieth century when the visual arts, in the form of painting and commercially produced prints, were deployed by booster engines such as the Los Angeles Chamber of Commerce, the Civic Bureau of Music and Art of Los Angeles County, the Los Angeles Times, the Sunkist marketing cooperative, and the Municipal Art ...

Art and the City: Civic Imagination and Cultural Authority ...

However, because of the snug relationship between urban aesthetics and capital investment that underscored the booster goals of the civic arts movement, modern artists were pushed out of public exhibition spaces until after World War II. "Art and the City" uncovers the historic struggles for cultural expression and creative space that are hidden behind the city's booster mythology.

Art and the City | Sarah Schrank

Civic art is one of the highest art forms - it's what makes great cities unique and special. Civic art is the sum total of the architecture, public spaces, monuments, urban design, and landscape of a city, but it is far more than the sum of the parts. Civic art is place making into art that creates timeless civic values and helps define cultures.

Civic Art - Urban Design

"Art and the City provides a much-needed synthesis of the meaning of art and place in Los Angeles and serves as a reminder that civic identity is forged in the conflict between the rhetoric of power, the desire to belong, and the difficult realities of community-building."—College Art Association Reviews

Art and the City: Civic Imagination and Cultural Authority ...

Art and the City explores the contentious relationship between civic politics and visual culture in Los Angeles. Struggles between civic leaders and modernist artists to define civic identity and control public space highlight the significance of the arts as a site of political contest in the twentieth century.
