Amazon.com: fujitsu ductless mini split system

What sets Fujitsu apart from others is its line of duct-free HVAC systems. Traditional air conditioners come with the hassle and space consumption of bulky ductwork, but there is another way. Fujitsu runs a line of air-conditioners that are completely ductless, called Halcyon systems. One of the more important aspects of any HVAC system is its SEER rating, which stands for Seasonal Energy Efficiency Ratio.

Fujitsu split system Air Conditioners | Bizrate

A ductless mini split system, on the other hand, uses an individual fan and evaporator unit for each room. Having mini split units in each air-conditioned room allows you to better control the temperature of each room in your home. Rooms that aren't being used regularly can be turned off to save energy.
