of Gestalt has been retained, and is now more fully integrated into the process and relational orientation, moving it out of 'technique' and into a more fluid way of working. This workshop will address these contemporary understandings, and demonstrate how they are applied in relational Gestalt therapy.

## **Gestalt Therapy International - gti.today**

Gestalt therapy sees healthy living is a series of creative adjustments (Latner, 1973, pp.54). This means adjusting one's behavior, naturally and flexibly, to the figure in awareness. One example of this process is that I am writing when suddenly I realize that my lips are dry and my mouth is parched.
