the upside, this book is enormously fun. If you're a Grimm fan, it definitely belongs on your bookshelf. On the downside, it is equally enormously incomplete. Half of the Wesen names in the table of contents are crossed out, meaning there's no information on them; that, in spite of the fact that they all were included in the "real" book.

This fantastic book contains a combination of photos and sketches and lots of information about the Wesen species found in Grimm. This book has a similar style to the books we see Nick and his friends looking through in the trailer in the series. A definite must for all Grimm fans.
