Intellectual Property Law And The

Intellectual property law (IP) protects the rights of any person or business who creates artistic work. Artistic work can include music, literature, plays, discoveries, inventions, words, phrases, symbols, and designs. Intellectual property law aims to encourage new technologies, artistic expression, and inventions that all promote economic growth.

Intellectual Property Law: Everything You Need to Know

Intellectual Property (IP) law relates to the establishment and protection of intellectual creations such as inventions, designs, brands, artwork and music. These rights are established, protected, enforced and promoted through means such as patents (usually for such things as technical inventions), trademarks (for goods and services), copyright (music, art and literature) and designs (products and logos).

patents, trademarks, and trade secrets. The modern concept of intellectual property developed in England in the 17th and 18th centuries.

Intellectual property - Wikipedia

Intellectual property (IP) refers to creations of the mind, such as inventions; literary and artistic works; designs; and symbols, names and images used in commerce. IP is protected in law by, for example, patents, copyright and trademarks, which enable people to earn recognition or financial benefit from what they invent or create.

What is Intellectual Property?

Sumptuary intellectual property law is thus taking shape as the socially and culturally reactionary antithesis of the more familiar technologically progressive side of intellectual property law.
