Interactive Math Journals 6th Grade - kropotkincadet.ru

Math journals, or problem solving notebooks as they are sometimes referred to, are books in which students are often asked to record their strategy and thought processes, as well as solutions. While students learn how to "do" math, they must also learn how to articulate what they are learning.

Math Journals - K-5 Math Teaching Resources

I have been using your "Interactive Math Journals" since September. My students LOVE it! It is probably the best thing I have done for my teaching practice this year. I find metric conversions can be so challenging for students. One thing that has worked for my students is to teach them to create equivalent fractions and use proportional reasoning.
