Press

Monetary Theory and Policy presents an advanced treatment of critical topics in monetary economics and the models economists use to investigate the interactions between real and monetary factors. It provides extensive coverage of general equilibrium models of money, models of the short-run real effects of monetary policy, and game-theoretic approaches to monetary policy.

Monetary Theory and Policy | The MIT Press

Carl Walsh's Monetary Theory and Policy is an indispensable bridge between theory and practice. The book is a comprehensive overview of the field. Each topic is addressed by a few models explicated with mathematical rigor and policy insight.
