NHS England - Putting Health into Place: Executive Summary

Putting health facilities at the heart of the local community makes it easier to deliver the new approaches described in Principle 9. Achieving this could involve re-purposing NHS land and buildings to ensure they are put to best possible use, for example through the provision of housing for key workers, such as nursing staff.

Putting Health into Place: Introducing NHS England's Healthy New Towns programme. NHS England Healthy New Towns programme has released a leaflet introducing the 10 Healthy New Town Principles: Putting Health into Place. These principles will support partners in housebuilding, local government, healthcare and local communities to demonstrate how to create new places that offer people improved choices and chances for a healthier life.

NHS England - Putting Health into Place: Introducing NHS ...

The project, called Putting Health into Place, focuses on 10 principles of building a healthier neighbourhood. Working together with the Town & Country Planning Association (TCPA), health think tank The King's Fund and social change think tank The Young Foundation, they trialled the 10 principles at 10 locations across the UK where major housebuilding activity is planned or already taking place.
