The Right To Self Determination

The right of a people to self-determination is a cardinal principle in modern international law (commonly regarded as a jus cogens rule), binding, as such, on the United Nations as authoritative interpretation of the Charter's norms. It states that people, based on respect for the principle of equal rights and fair equality of opportunity, have the right to freely choose their sovereignty and ...

Self-determination - Wikipedia

Essentially, the right to self-determination is the right of a people to determine its own destiny. In particular, the principle allows a people to choose its own political status and to determine its own form of economic, cultural and social development. Exercise of this right can result in a variety of different outcomes ranging from political independence through to full integration within a state.
